

Saint John of God Hospital Clg

Saint John of God Hospital clg comprises Saint John of God Hospital, Saint Joseph's Shankill and Mental Health First Aid Ireland. Saint John of God Hospital, Stillorgan is an independent acute psychiatric teaching hospital with 182 in-patient beds and one of the leading European providers in mental health treatment and care. In addition to a range of outpatient services, which include psychiatry, psychology, WRAP (the Wellness Recovery Action Plan) and the Stress Clinic located in Dublin.

Saint Joseph's Shankill, is the largest care home in Ireland solely dedicated to dementia care, and leads the way in dementia care in Ireland through innovation, education, and community engagement. Saint Joseph's provides residential care to 60 people and also provides day care and respite services.

Saint John of God Hospital is included in the **Top 100 Companies Leading in Wellbeing Index** which acknowledges companies across Ireland that are leading the way for employee wellbeing and who, through their commitment to instilling a best practice approach, have made a lasting impact on their employees and on the business community.

Applications are now sought from suitability qualified candidates for the following position:

Chief Operations Officer (Full Time - Permanent)

In addition to the effective leadership, oversight and management of all non-clinical departments and associated operations, the Chief Operations Officer will be responsible for implementing the ICT strategy for Saint John of God Hospital, Saint Joseph's Shankill and Mental Health First Aid Ireland and will assist the Chief Executive and Senior Management Team to deliver the company strategy.

Qualifications / Experience Required

Applicants for the position should ideally have:

- Educated to Masters/Post Graduate Diploma level (NFQ Level 9 on the Irish National Framework of Qualifications maintained by Qualifications and Quality Ireland QQI) in the area of management and/or healthcare and/or subject related to the functions of this role and evidence of on-going continuing professional development;
- Additional training and/or experience in business administration;
- Extensive experience in operations management and significant managerial experience;
- Experience of working in a health setting is desirable;
- Excellent organisational and time management skills and ability to plan and prioritise work while responding flexibly to rapidly changing priorities.
- Excellent communication skills – written, verbal and able to influence and negotiate at all levels.
- Good working knowledge of GDPR regulations, the Data Protection Acts and Information Governance requirements.
